

COMMUNIQUE:

Guatemala January, 2022

To our Dear Sponsors, Exhibitors, International Buyers, Exporters, Producers, Diplomatic Corps, Allies, National Authorities, and Public:

Due to the current COVID-19 situation and the new variant present in several countries, the Organizing Committee of the 20th Edition of AGRITRADE Expo & Conference has decided to postpone the date for the event to **May 18th, 19th, and 20th, 2022.**

This reschedule will allow a better scope of participation for all. We would like you to set aside the new dates of the Event in your Agenda. **AGRITRADE Expo & Conference** will continue to be a high-level event that will physically gather the agroindustry to keep making business.

AGRITRADE Expo & Conference will comply with all bio-safety regulations to ensure the health and safety of all participants. In the following days we will share through our website and social media our Biosafety Protocol, which is aligned with the event's providers, especially with the transport and hotel services.

We are looking forward to meeting with you in **AGRITRADE Expo & Conference, on May 18th, 19th, and 20th, 2022, at Casa Santo Domingo, Antigua Guatemala**, to resume agricultural business.

Best Regards,

Lic. Estuardo Castro
Organizing Committee President
